## Letter of Recommendation

To whom it may concern:

Wednesday, May 14, 2008

Dera Sirs, it is my pleasure to recommend Mr. Alberto Fenu and Sardadesign as a resource for webdesign.

I have worked closely with Mr. Fenu on several projects over the years. Mr. Fenu is a very talented, personable and easy to get along individual. He has the ability to identify the best solutions to communicate concepts through images and webpages, he has unsurpassable dedication to his clients and his creations.

Mr. Fenu created for me two different websites one in the purely medical field and the other for a medical supplies commercial venture:

1) [www.gbcrs.org](http://www.gbcrs.org): the website, was meant to be a source of information and a point of reference for

patients and referring physicians. This significantly increased my name recognition on the web and helped me get several medical and medicolegal contracts.

2) [www.ADCRS.com](http://www.ADCRS.com): this is my medical supplies company website, about which is both stylish and cost effective, with a shopping cart he created from zero. I strongly suggest you visit this website.

If you are looking for a very dedicated, quickly responsive, easy to interact web designer the Mr. Fenu is the person that will meet and exceed your expectations.

Sincerely,

Francesco Grasso, M.D.
