

## Letter of Recommendation

To whom it may concern:

It is a pleasure to recommend to you as a Web Designer my esteemed and long time friend Alberto Fenu. I have worked closely with Alberto on several occasions and for long periods of time during which I could appreciate not only his great dedication to his job but also his flair for style and perfection. In particular, I have always been impressed by Alberto's ability to express concepts through graphics and design. Alberto helped me to develop three different websites dealing with a non-profit initiative, an industrial business and a commercial venture:

- 1) [www.europex.it](http://www.europex.it): the website was meant to be a source of information and a point of reference for young travellers. The aim of the project was to facilitate mobility and intercultural exchanges between young Europeans. Set up in March 2002, the website was a predecessor of the current social networks, with a focus on travelling and culture.
- 2) [www.cavecantieri.it](http://www.cavecantieri.it): this is my company's website, about which I can proudly say it is both stylish and highly professional. I recommend you have a look at this website if you are interested in a serious professional/commercial website.
- 3) [www.naturalpebbles.eu](http://www.naturalpebbles.eu): this is our last creation, a stylish website with a minimalist design which aims to highlight the beauty of a natural product such as the river pebble.

Not only a computer wizard, but also an expert in photography and visual arts, Alberto will give you valuable suggestions to express your ideas in graphics, whatever your field is. Last but not least, he is extremely organized, reliable and able to follow through to ensure that the job gets done. If you are looking for a highly professional and stylish web designer I would, without any reservation, recommend Alberto to you.

Sincerely,

Sergio Barria
